# Better Block: Bergen Street

Needed: Artists,  
entrepreneurs, builders,  
musicians, & people  
passionate about the  
community!

A **Better Block** project aims to create an immediate, highly visible transformation of a city block for a day or a weekend. This is a collaborative effort with residents, business owners, artists, and others to demonstrate what a block would look like if we came together with a shared vision. The long-term goal is to work towards making these changes permanent. Newark's first Better Block will be @ Bergen Street, but Mayor Ras Baraka is offering assistance to all neighborhood and civic groups that want to make their block a Better Block.
